

COMMUNITY DIRECTOR UPDATE

SEPTEMBER 1, 2025

COMMUNITY NEWS

Mark your calendars! On **September 12th**, we're thrilled to host the **grand opening** of our brand-new park, located at the pavilion behind the CDC on base.

This new space is designed for fun, relaxation, and community connection. Whether you're looking for a spot to unwind, a place for the kids to play, or a scenic area to gather with friends, this park has something for everyone.

MAINTENANCE TIPS

Did you know a clogged dryer vent can be a serious fire hazard? In fact, dryers are responsible for 90% of appliance-related fires in homes. While homeowners' insurance may cover fire-related damage, it could lead to higher premiums.

Stay safe and proactive: make sure to have your dryer vent cleaned.

Bonus Tip: Check Your HVAC Filters

Don't forget to inspect and replace your HVAC filters regularly. Clean filters improve air quality, boost energy efficiency, and help your system run smoothly, saving you money in the long run!
