

COMMUNITY DIRECTOR UPDATE SEPTEMBER 1, 2026

COMMUNITY NEWS

As summer comes to an end and we welcome the beginning of fall, September is the perfect time to refresh and prepare our community for the new season. Residents are encouraged to keep lawns, flower beds, porches, and other outdoor areas neat and free of clutter.

Please remember to properly store bicycles, toys, grills, and lawn equipment when they are not in use. With school back in session, we also ask everyone to use caution while driving through the community and remain mindful of children near bus stops, sidewalks, and playgrounds. Thank you for doing your part to help keep our neighborhood clean and welcoming for everyone who calls our community home.

MAINTENANCE TIPS

As cooler weather approaches, September is a great time to prepare your home for the fall season. Replace dirty HVAC filters and briefly test your heating system to ensure it is working properly before temperatures begin to drop. Check windows and exterior doors for drafts, loose weather stripping, or visible gaps that may affect your home's comfort. Residents should also keep air vents clear of furniture and other belongings to allow proper airflow throughout the home. Please report any leaks, unusual noises, plumbing concerns, or heating issues by submitting a maintenance request as soon as they are noticed. Addressing small concerns early can help prevent larger repairs and keep your home safe and comfortable throughout the season.
