

COMMUNITY DIRECTOR UPDATE OCTOBER 1, 2026

COMMUNITY NEWS

October is here, bringing cooler temperatures and fall activities!

This month, our team will continue focusing on resident satisfaction, community appearance, and providing quality service to our families.

As the seasons change, residents are encouraged to take advantage of the cooler weather, enjoy our outdoor spaces, and help us keep Mid-South looking its best.

Residents should check their heating system before colder weather arrives and submit a maintenance request if there are any concerns. Remember to keep furniture, curtains, and other belongings away from vents to allow proper airflow throughout the home. Please also check exterior faucets and hoses, keep leaves and debris away from outdoor HVAC units, and report any noticeable drafts around doors or windows.

Taking care of small concerns early can help prevent larger maintenance issues as we transition into the colder months.

YOUR FEEDBACK MATTERS

Helping us celebrate what's working and improve what's next:

We appreciate the feedback we receive from our residents. Positive comments recognizing our team's responsiveness and customer service are celebrated, while your feedback helps us identify opportunities to improve and better serve our community.

We encourage all residents to complete surveys and share their experiences so we can continue delivering the exceptional service our Mid-South families deserve.
