

Mid-South Family Housing

Our President's Message:

As the end of the year rapidly approaches, HMC will spend November honoring our veterans and their families. November 11th is an important day for us to pay tribute to those who have served our country.

In honor of this, we launch our 2nd annual "30 Days for 30 Families" initiative. We are asking for you to submit stories of veterans which we will feature across our social media platforms throughout the month. These powerful stories are being collected and will be placed in a commemorative book. November and the Thanksgiving season gives us all a chance to pause and count our blessings. At HMC we remain very thankful for the families who live within our communities and for the opportunity to serve you. We were particularly moved by everyone's generosity in October as our Helping Hands program gathered food for more than 36 Food Banks throughout the country. Our heartfelt thanks to you and your families.

Cooking Fire Safety: *Never leave your range or cooktop unattended while cooking. If you have to leave the room, turn your range or cooktop off. Keep your cooking area clean and free of combustible materials. Food wrappers, oven mitts or other materials left on or near the stove may catch fire. Be sure to clean up any spilled or splattered grease. Built-up grease can catch fire in the oven or on the cooktop. Keep a fire extinguisher readily available. Having an extinguisher nearby is important, but you also need to have the correct type of extinguisher and know how to properly use it. Never throw hot grease in the garbage as it can ignite combustible materials. Be sure to let grease cool and consider disposing it in an old can, such as a metal coffee can. Do not store food or other items in your oven. It can be easy to forget there is an item in your oven, and this could catch fire while preheating. Keep small children and pets away from the stove while cooking. Always cook with the proper lid for the pan. This will help in smothering the fire.*
